

**LOCATION: WYE & CHILHAM STATIONS, KENT**

**DESCRIPTION:**

**GAUGE CLEARANCE WORKS**

**THE WORKS:**

**Gauge Clearance Works to Station platforms at Wye and Chilham Stations to facilitate the introduction of Class 465 Networker EMU vehicles.**

**Works included the reduction in height of platforms at various chord points along the platform. This was achieved where possible by reducing the existing mortar bed and when this was not possible by the installation of new thin copers.**
