

LOCATION: JULIE ROSE STADIUM, ASHFORD

DESCRIPTION: EXTENSION TO EXISTING BUILDING AND CONSTRUCTION OF NEW MULTI USE GAMES AREA

THE WORKS:

An extension to the existing building at the south end of the stadium forming ground and lower floor levels. The construction of a new Multi Use Games Area, including flood lighting.

Extension to building involved excavation and construction of new foundations, brickwork and blockwork, erection of new structural steel frames, breaking through to link up to the existing building, installation of windows and doors, decoration, roofing, gutters and down pipes, installation of external ramp and staircases and various associated external works.

Construction of a new MUGA consisted of clearance of vegetation, excavation, disposal of waste material, construction of games area, installation of new electrical services, erection of games boundary fence and ball court markings.
